

Placemaking Chicago Technical Assistance Application

Though Placemaking can happen in a variety of public spaces, MPC is currently looking for a park or garden in the City of Chicago.

Please fill out the following contact information and attach a proposal that includes:

- 1** Status and description of current planning efforts related to a park or garden and why the Placemaking approach would be a good fit with these efforts
- 2** Information about the park or garden location, including:
 - Maps
 - Property and ownership information
 - Current or past planning efforts involving this green space
- 3** Letter of support from sponsoring organization (i.e. president/executive director or board president) and, if different from sponsoring organization, government leader (i.e. alderman, village board, city council member, or mayor)
