Donor Categories & Benefits

Invest in the future of the Chicago region by making a tax-deductible gift.

Since 1934, the Metropolitan Planning Council (MPC) has been working with government, community and business leaders to solve our region's most pressing planning and development challenges. Your support ensures that we can continue our efforts to advance policies and research that will help create a stronger, more equitable metro Chicago.

MPC is a 501(c)3 organization that relies entirely on contributions to fund its annual work plan and policy agenda. You can choose the level of membership that is right for you. Your gift is 100 percent tax-deductible, and we will provide a receipt for your records.
